

## BIOGRAPHICAL SKETCH

### **JAN RASGUS**

Jan started her career with the Corps of Engineers in North Central Division (now part of MVD and LRD) as a water quality management specialist in the Engineering Division, Water Control Center. In 1980 she moved to HQUSACE. Since that time she has worked in the Planning and Policy Divisions on matters/issues related to the Water Resources Council, regional planning activities, policy development and legislative initiatives.

She is currently a Senior Policy Advisor in the Policy Branch, Planning and Policy Compliance Division working on numerous policy initiatives including adaptive management and monitoring, watershed planning and implementation and development of Water Resources Development Acts (WRDA). Ms. Rasgus has worked on Capitol Hill on three different occasions. She spent a year as an American Political Science Association Fellow and worked with the Senate Environment and Public Works Committee staff on two different WRDAs, most recently in 2002.

Ms. Rasgus has a Bachelor's and a Master's degree in the biological sciences from Indiana University.
