

Name: Cindy Boen
Project Manager/Plan Formulator
Walla Walla District
201 N. Third Ave
Walla Walla, WA 99362
509-527-7246

Education: BLA, Landscape Architecture & Environmental Planning, Utah State University
BS, History, Utah State University

Professional Experience: I've been a Corps employee for eleven years, all in the Walla Walla District. I am a graduate of the Planning Associates Program (class of 2009), and completed a developmental assignment at NWD in 2007.

My 30 second commercial: I am a plan formulator and project manager in Planning Branch. In my Federal career I have worked on many varied projects, ranging from small planning assistance to states projects to General Investigation Studies. I have also been involved in Tribal and NAGPRA projects in the Walla Walla District. I enjoy working with sponsors and stakeholders and the challenges they bring, and appreciate my work at the Corps, because every day is a new and different adventure.

Special interests and hobbies: My husband and I have a small farm where we raise chickens and grow food organically. We have three Siberian huskies we are training for dog-scootering. I also love reading, cooking, landscaping, home improvements, and throwing big dinner parties with lots of friends!
