Environmental Data System

Janet Cushing, Chad Markin – Institute for Water Resources

David Shaeffer – Wilmington District

February 2014

US Army Corps of Engineers
BUILDING STRONG®

Agenda

- Context and purpose
- Demonstration of data system features
- Get your feedback

BUILDING STRONG®

Benefits

- Provides information at the District level that is easily and quickly accessible, thus supporting efforts to SMART Planning

- More efficient use of USACE funds; cost-savings by providing data in one location rather than each District paying separately for each project

- Much of the data comes directly from the primary source, reducing the need to constantly update/manage datasets

- Supports USACE Campaign Plan, Goal 2

BUILDING STRONG®

BUILDING STRONG®

What's Next?

- District user training/ capacity building
- Is there other data you would like to see?
- What other apps or capabilities would you like?
- What would make this more user-friendly or useful to the field?
