

## **Earl J. Hayter, Ph.D.**

Research Civil Engineer  
Environmental Laboratory,  
Engineer Research and Development Center  
Clemson, SC

### **Bio:**

Dr. Earl Hayter is a research civil engineer with the U.S. Army Engineer Research and Development Center (ERDC) Environmental Laboratory (EL). He received a B.S. in Physical Oceanography from Florida Institute of Technology, a M.S. in Coastal Engineering from the University of Florida, and a Ph.D. in Civil Engineering from the University of Florida. He has over 30 years of experience in modeling sediment transport and contaminant transport in rivers, lakes, estuaries, and coastal environments. He is a member of EPA's Contaminated Sediments Technical Advisory Group. He is stationed at Clemson University in Clemson, SC where he was faculty in the Department of Civil Engineering for 15 years.
