

Carra Carrillo
Research Civil Engineer
Wetlands and Coastal Ecology
Environmental Laboratory
U.S. Army Engineer Research and
Development Center

Carra Carrillo is a Research Civil Engineer with the Wetlands and Coastal Ecology Branch (EEW), Environmental Lab (EL), U.S. Army Engineer Research and Development Center. In this position, she works with ecological modeling of species and ecosystems. In the past 3 years, she has worked with the Ecological Integrated Modeling Team within the modeling industry. Some clients and projects include the Bureau of Reclamation, Mobile District, Seattle District, Portland District, and Honolulu District.

Carra has a Bachelor's degree from Mississippi State University. She is currently obtaining a Master's degree from Oregon State University in Environmental Science with a focus on ecology.

Carra lives in Raymond, MS with her husband and 3 children. When not working, she likes to spend time with family and friends, read, and work on puzzles.
